**LBNA Resident Tours; River on a MWMO Boat Tour**

The Mississippi Watershed Management Organization held a workshop on the river in June. Volunteer neighbor and LBNA Board member, Joel Brever accompanied many other river enthusiasts to tour the river to see the potential and current developments like the construction of the Lowry Ave N Bridge. Much to the disappointment of the attendees, the boat tour didn't reach the Camden Bridge due to high winds and water conditions.

There are many changes being discussed and planned for the banks of the Mississippi River. The tour featured discussions about water quality, and regulations facing communities in the Mississippi watershed. The Lind Bohanon neighborhood is the gateway to Minneapolis. We want to be sure that we stay abreast of developments that affect the riverfront and our neighborhood! For more information and to see more photos go to [www.lindbohanon.org](http://www.lindbohanon.org).

**LBNA wishes to thank David Zander for volunteering to help LBNA by being a Representative to Attend Mississippi Riverfront Partnership!**

There are many new and exciting things coming to our neighborhood from this riverfront development. It's because of volunteers like Mr. Zander and Mr. Brever, LBNA can have a voice at the table and help stay up to date about what's going on that could affect us as a neighborhood. **Interested in getting involved at making a difference?
