Tornado rips through Camden area Sunday, May 21, 2011

30 injured and one fatality were reported. The path of the storm went from Wirth Parkway north through North Minneapolis and the Camden area over the Mississippi River.

Billboards toppled, bricks fell and windows were blown out of the 42nd Avenue Station coffee shop building at the corner of 42nd and Lyndale Ave N.

Dear Friends and Neighbors,

We wish to salute our friends, family and many neighbors who came to the aid of those so devastated by the Sunday, May 21, 2011 tornado.

Its because of great neighbors who are willing to put on work gloves, serve food, and reach out to help, that we can call this place our community and our home.

It may take months before many of our neighbors and local businesses recover. Continuing to support them now more than ever is so important.

Working together for our community's quick recovery!

David Barnett, LBNA Board Chair
